Glue palette
and toothpick

Scoring and
creasing tools

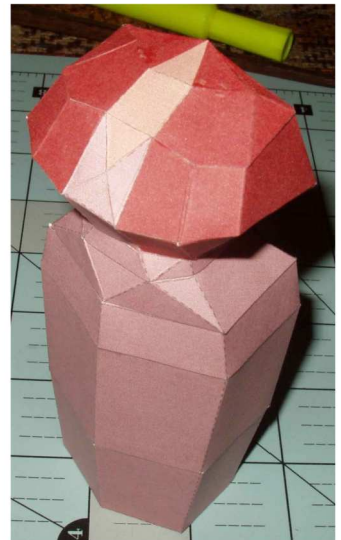

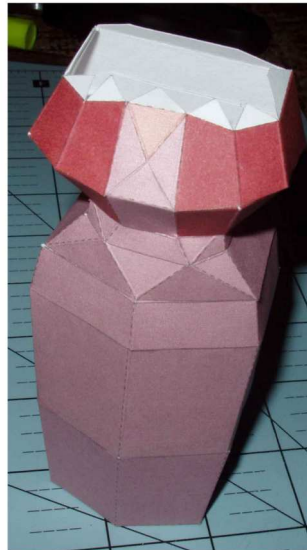

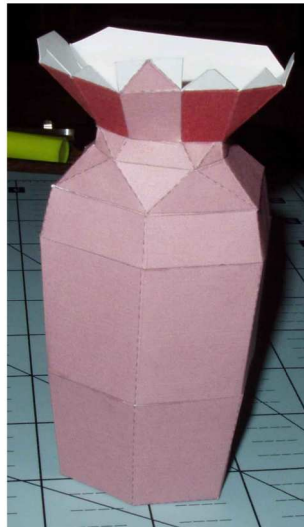

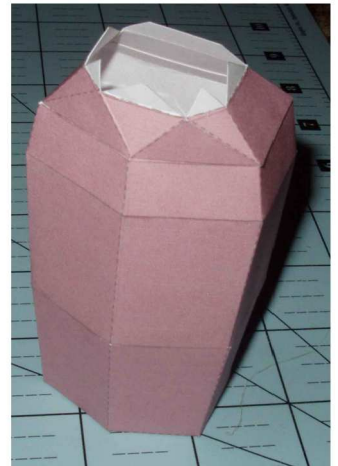

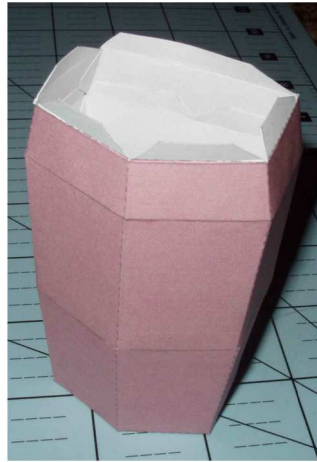

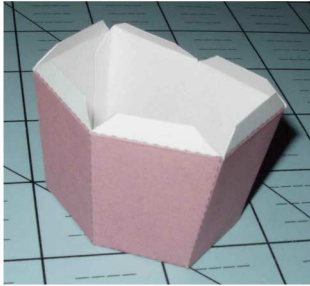

Opposable thumbs

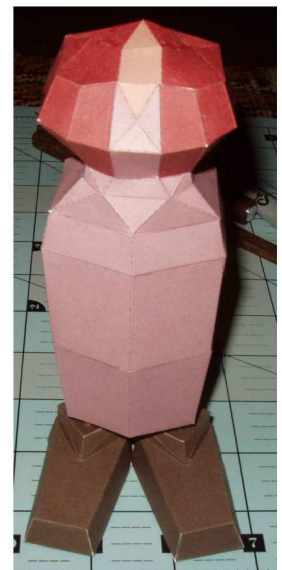

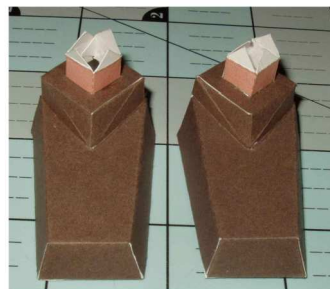

SHE CAN'T BE
TURNING MUCH
PROFIT SELLING
THOSE FLOWERS FOR 1 GIL...

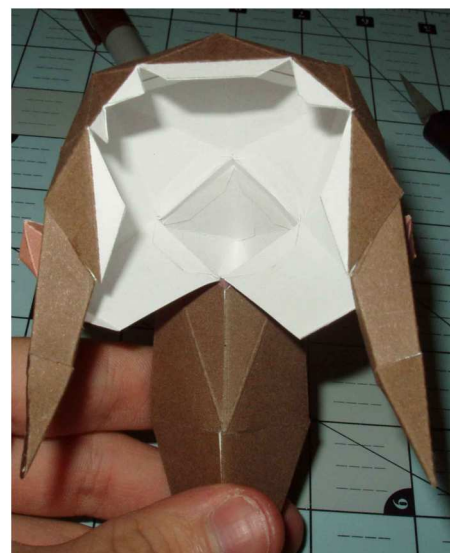

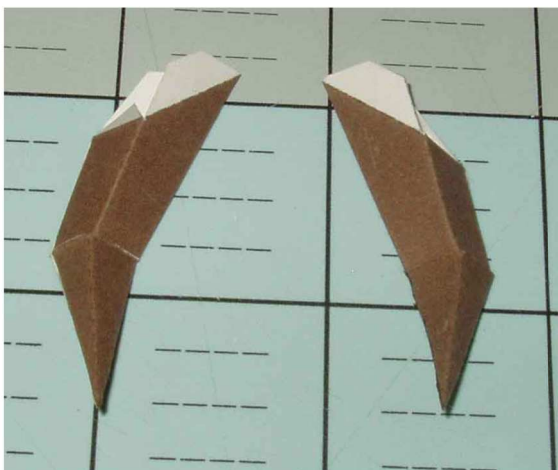

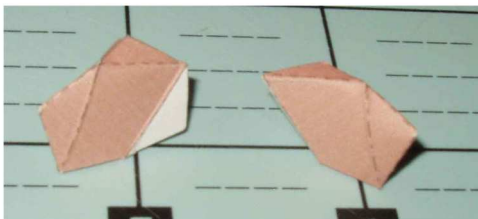

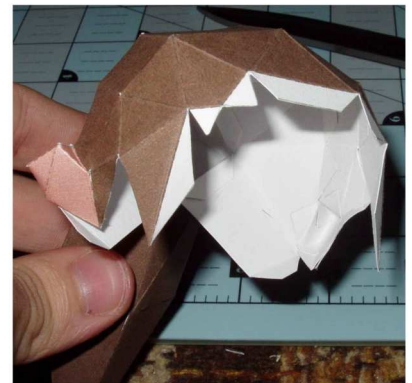

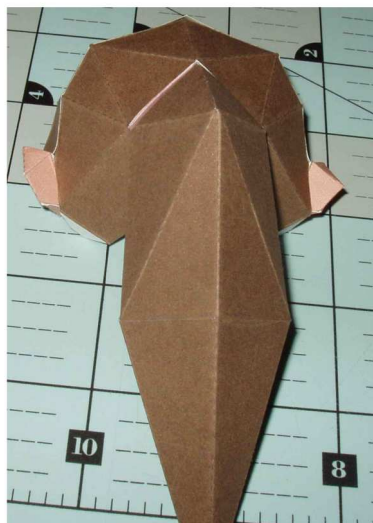

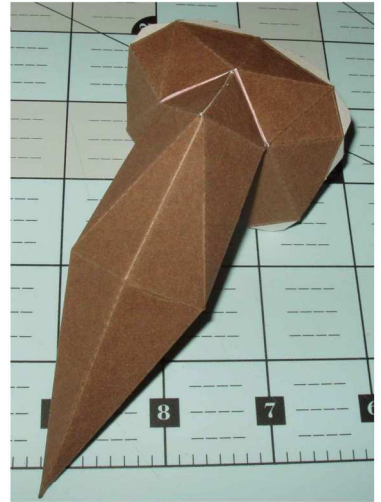

Construct parts 1-9

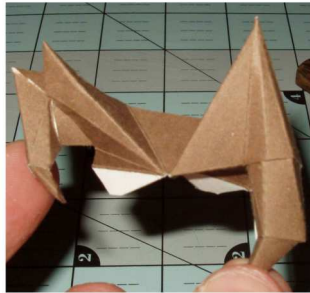

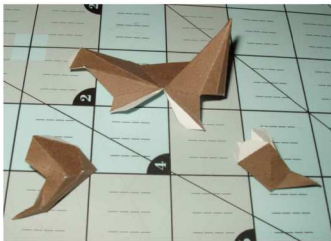

Construct parts 10-15 and attach to the body
You will likely need to angle the feet outward slightly

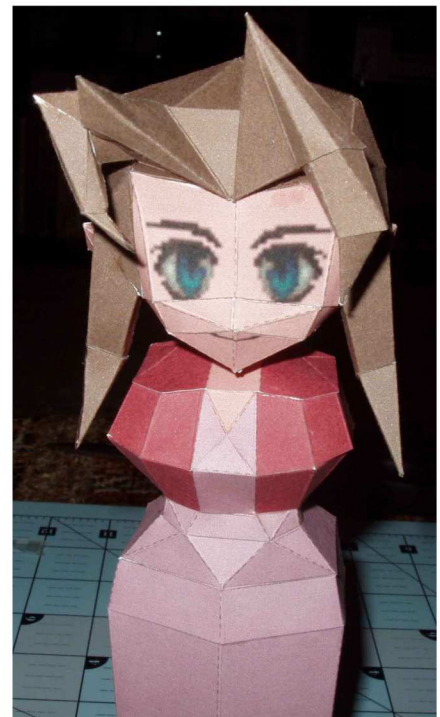

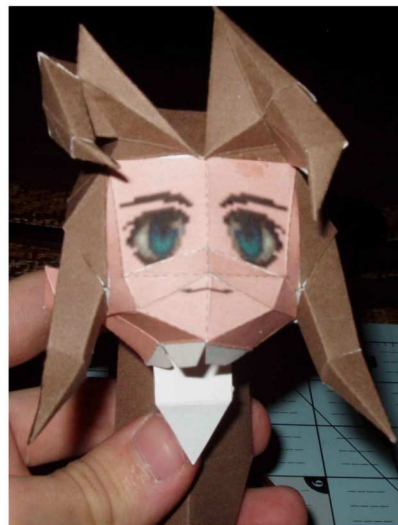

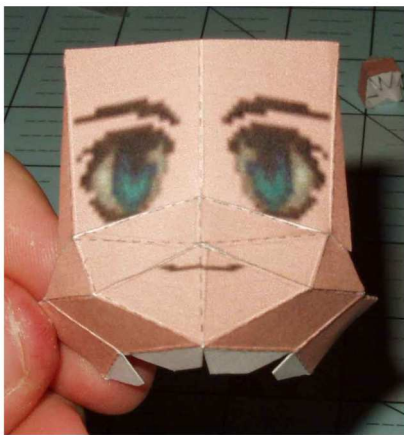

Construct parts 16-27

Construct and attach parts 28-34

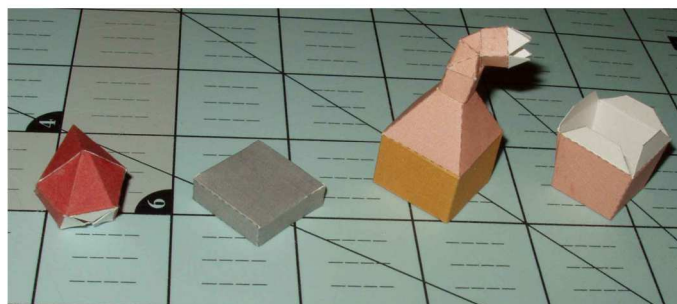

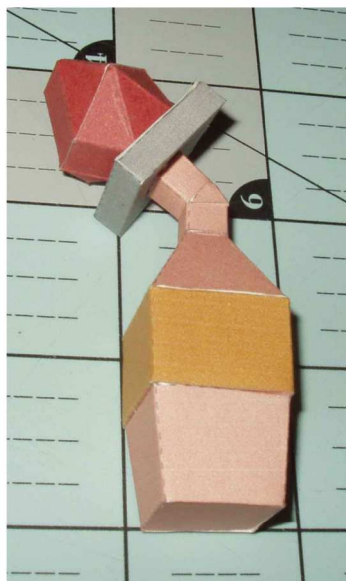

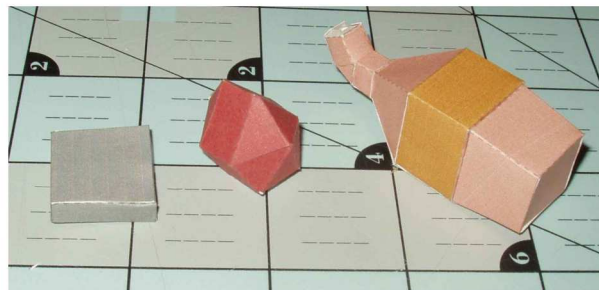

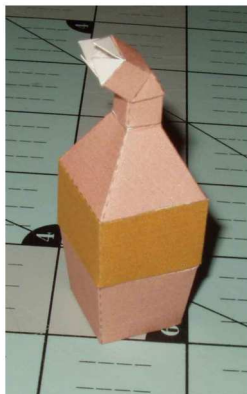

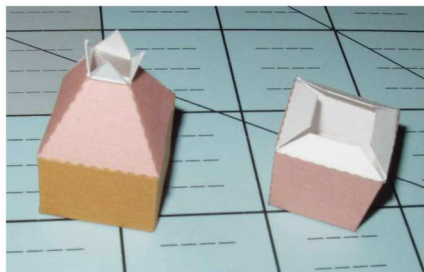

Construct parts 35-37 and attach,
closing up the bottom last,
then construct part 38 and attach
the head to the body

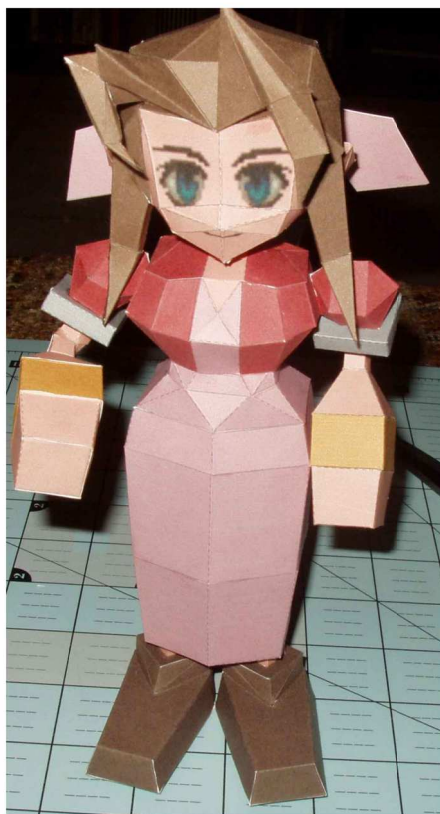

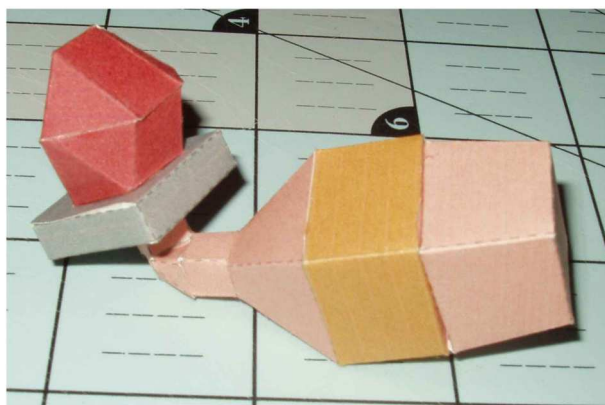

Combine parts 39-42 to make two double-sided
ribbons and attach, punching holes if necessary

Construct parts 43-50

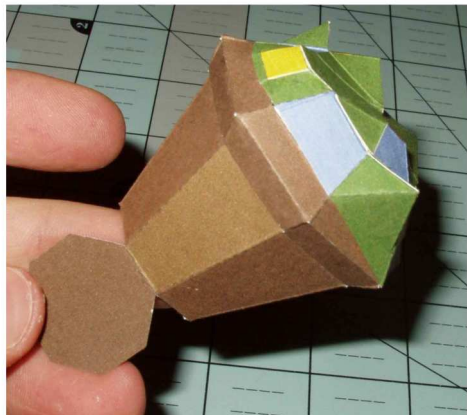

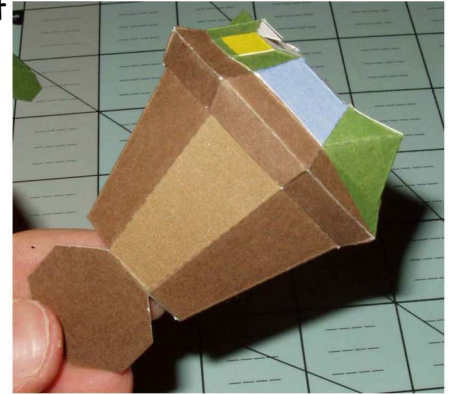

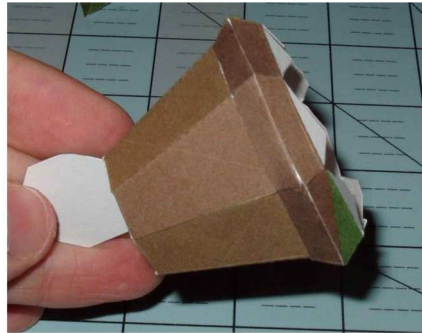

Repeat for
parts 51-58

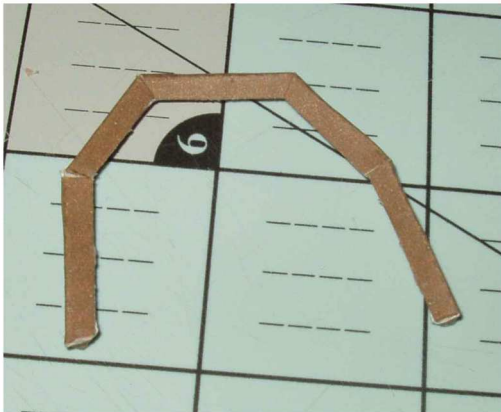

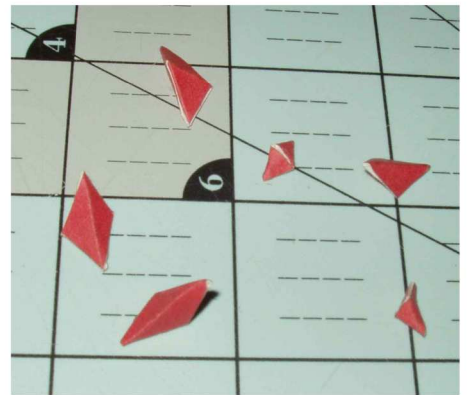

Attach the arms to the body

Construct parts 59-62,
again closing up the bottom last

Construct parts 63-69

Construct parts 70-74

Arrange the flowers however you like

You'll need to hang the handle over the arm and
attach to the basket in place, as the opening is
not large enough to fit over the hand

Now get back to the church to tend the flowers

If only they'd stop falling through the roof...
